

Product Specifications

Product Name :

2,6-Difluoro-3-nitroaniline

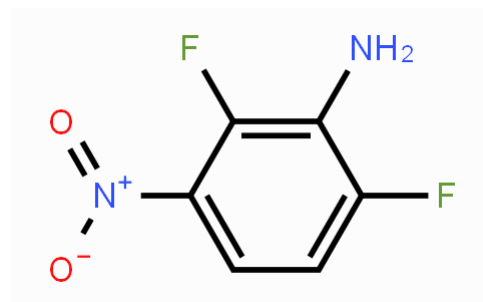

Product Number : MC433306

CAS Number : 122129-79-7

Formula : C₆H₄F₂N₂O₂

Molecular Weight : 174.10

Structure:

Test	Specification
Appearance	Pale-yellow to Yellow-brown Solid
Purity	NLT 98%

*The current Specification sheet may be available at www.molcore.com.
