

Product Specifications

Product Name :

Chlorothalonil

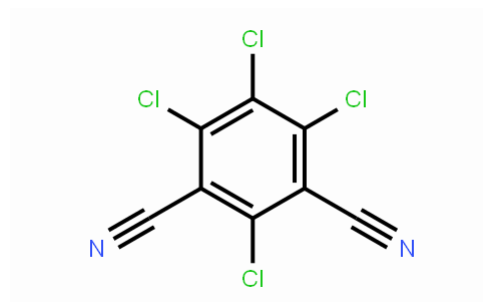

Product Number : MC445469

CAS Number : 1897-45-6

Formula : C₈Cl₄N₂

Molecular Weight : 265.91

Structure:

| Test | Specification |
|--------|---------------|
| Purity | NLT 98% |

*The current Specification sheet may be available at www.molcore.com.
