

Product Specifications

Product Name :

2-Fluoro-4-nitro-acetanilide

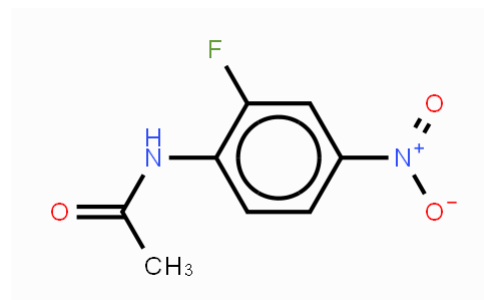

Product Number : MC433324

CAS Number : 348-19-6

Formula : C₈H₇FN₂O₃

Molecular Weight : 198.15

Structure:

Test	Specification
Appearance	Pale-yellow to Yellow-brown Solid
Purity	NLT 98%

*The current Specification sheet may be available at www.molcore.com.
