

Product Specifications

Product Name :

5-Bromo-2-fluorobenzotrifluoride

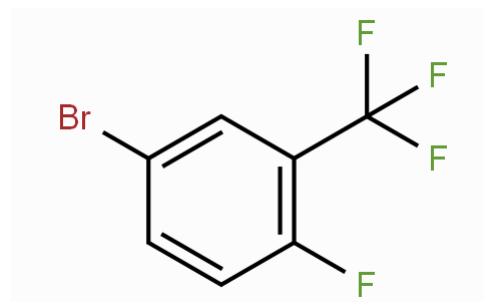

Product Number : CS10162

CAS Number : 393-37-3

Formula : C₇H₃BrF₄

Molecular Weight : 243.00

Structure:

| Test | Specification |
|--------|---------------|
| Purity | NLT 98% |

*The current Specification sheet may be available at www.molcore.com.
